Tim Prosser Promoted to Senior Consultant at RT Environmental & Construction Professional

Hamilton, New Jersey (June 10, 2021) – Tim Prosser has been promoted to senior consultant within the Environmental and Construction Professional (ECP) Practice of RT Specialty. Since joining the team in 2017, Prosser has worked with agents and brokers to analyze, negotiate, and assess the risk management strategies available to general contractors, design builders, real estate developers, architects and engineers based predominantly throughout the Southeastern United States.

“Tim has become an established industry presence within our Atlanta offices,” says Joseph Nawa, vice president at RT ECP. “Under his supervision, his team is now well-recognized for their deep knowledge of the field and timely delivery of solutions. This includes providing the detailed professional liability risk management and policy information necessary to intersect today’s prefabrication building processes with the exposures commonly suffered by contractors on a near daily basis.”

Prior to joining RT ECP, Prosser served as a professional liability underwriter at RLI Insurance Corporation in Peoria, Illinois.

A resident of Atlanta, Georgia, Prosser has Bachelor of Science Degrees in Political Science and Business & Economics from Ursinus College. He also holds designations as a Registered Professional Liability Underwriter (RPLU) and Chartered Property Casualty Underwriter (CPCU). Prosser can be contacted at 609-528-3900 or timothy.prosser@rtspecialty.com

About RT Environmental & Construction Professional
