

DECEMBER 2024

The Scoop!

A collection of notable articles from across the industry.

Cyber Insurance

IN THE SPOTLIGHT

Brokers have long worked to help ensure their clients are covered for unexpected physical supply chain interruptions. Now that risk extends into cyberspace.

[Learn more](#)

What happens when seeing isn't believing? As deepfake technology becomes more accessible, its use in cybercrime will increase.

[Learn more](#)

Think small businesses are safe from cyberattacks? They aren't - and this is just one common myth that could leave businesses exposed.

[Learn more](#)

Artificial Intelligence

Do existing commercial insurance policies cover AI risks? This article looks at what coverage may be available under D&O, cyber and other common policies.

[Learn more](#)

Fiduciary Insurance

How will courts rule on the new wave of lawsuits over 401(k) plan forfeitures? This report dives into what's happening and how cases are being defended.

[Learn more](#)

Social Inflation

Nuclear verdicts and social inflation keep driving liability costs higher and higher. How much more can insurers and businesses take? Here's why the current trend may be unsustainable.

[Learn more](#)

Directors and Officers Insurance

Is D&O insurance sufficient to cover evolving securities class action activity? As this article explains, other policy types may be necessary for some risks.

[Learn more](#)

Deregulation may be on the horizon. What will that mean for the D&O market? Here's a look at how it could spur M&A and IPO activity and benefit private D&O.

[Learn more](#)

Do broadly written antitrust D&O policy exclusions go too far? A recent case ruled that an exclusion also barred coverage for unjust enrichment and consumer protection claims.

[Learn more](#)

Employment Practices Insurance

Are employers violating the Pregnant Workers Fairness Act? Amid an increase in EEOC lawsuits, employers are being warned about the importance of reasonable accommodations.
